

## Antibodies Product Datasheet

|                               |                                                                                                                                                                                                                       |
|-------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Name:</b>          | FIR Antibody                                                                                                                                                                                                          |
| <b>Catalog Number:</b>        | C10207                                                                                                                                                                                                                |
| <b>Reactivity:</b>            | Human, Mouse                                                                                                                                                                                                          |
| <b>Applications:</b>          | WB, IF/ICC, ELISA                                                                                                                                                                                                     |
| <b>Dilutions:</b>             | Western Blot: 1/500 - 1/2000. Immunofluorescence: 1/200 - 1/1000.<br>ELISA: 1/20000. Not yet tested in other applications.                                                                                            |
| <b>Modification:</b>          | Unmodified/Total                                                                                                                                                                                                      |
| <b>Source:</b>                | Polyclonal Rabbit                                                                                                                                                                                                     |
| <b>Purification:</b>          | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                                                                                                 |
| <b>Immunogen:</b>             | The antiserum was produced against synthesized peptide derived from human FIR. AA range:331-380                                                                                                                       |
| <b>Concentration:</b>         | 1 mg/ml                                                                                                                                                                                                               |
| <b>Gene Name:</b>             | FARP2                                                                                                                                                                                                                 |
| <b>Protein Name:</b>          | FERM RhoGEF and pleckstrin domain-containing protein 2                                                                                                                                                                |
| <b>Other Name:</b>            | FARP2; KIAA0793; PLEKHC3; FERM; RhoGEF and pleckstrin domain-containing protein 2; FERM domain including RhoGEF; FIR; Pleckstrin homology domain-containing family C member 3; PH domain-containing family C member 3 |
| <b>Human Swiss Prot No.:</b>  | O94887                                                                                                                                                                                                                |
| <b>Formulation:</b>           | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                                                                                                               |
| <b>Specificity:</b>           | FIR Polyclonal Antibody detects endogenous levels of FIR protein.                                                                                                                                                     |
| <b>Storage and Stability:</b> | -20°C/1 year                                                                                                                                                                                                          |
