

## Antibodies Product Datasheet

|                               |                                                                                                                       |
|-------------------------------|-----------------------------------------------------------------------------------------------------------------------|
| <b>Product Name:</b>          | BMP-8B Antibody                                                                                                       |
| <b>Catalog Number:</b>        | C14767                                                                                                                |
| <b>Reactivity:</b>            | Human, Rat, Mouse                                                                                                     |
| <b>Applications:</b>          | WB, ELISA                                                                                                             |
| <b>Dilutions:</b>             | Western Blot: 1/500 - 1/2000. ELISA: 1/40000. Not yet tested in other applications.                                   |
| <b>Modification:</b>          | Unmodified/Total                                                                                                      |
| <b>Source:</b>                | Polyclonal Rabbit                                                                                                     |
| <b>Purification:</b>          | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen. |
| <b>Immunogen:</b>             | The antiserum was produced against synthesized peptide derived from human BMP8B. AA range:261-310                     |
| <b>Concentration:</b>         | 1 mg/ml                                                                                                               |
| <b>Gene Name:</b>             | BMP8B                                                                                                                 |
| <b>Protein Name:</b>          | Bone morphogenetic protein 8B                                                                                         |
| <b>Other Name:</b>            | BMP8B; BMP8; Bone morphogenetic protein 8B; BMP-8; BMP-8B; Osteogenic protein 2; OP-2                                 |
| <b>Human Swiss Prot No.:</b>  | P34820                                                                                                                |
| <b>Formulation:</b>           | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                               |
| <b>Specificity:</b>           | BMP-8B Polyclonal Antibody detects endogenous levels of BMP-8B protein.                                               |
| <b>Storage and Stability:</b> | -20°C/1 year                                                                                                          |
