

## Antibodies Product Datasheet

|                               |                                                                                                                                                                               |
|-------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Name:</b>          | Repac Antibody                                                                                                                                                                |
| <b>Catalog Number:</b>        | C18170                                                                                                                                                                        |
| <b>Reactivity:</b>            | Human, Mouse, Rat                                                                                                                                                             |
| <b>Applications:</b>          | WB, ELISA                                                                                                                                                                     |
| <b>Dilutions:</b>             | Western Blot: 1/500 - 1/2000. ELISA: 1/20000. Not yet tested in other applications.                                                                                           |
| <b>Modification:</b>          | Unmodified/Total                                                                                                                                                              |
| <b>Source:</b>                | Polyclonal Rabbit                                                                                                                                                             |
| <b>Purification:</b>          | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                                                         |
| <b>Immunogen:</b>             | The antiserum was produced against synthesized peptide derived from human RAPGEF5. AA range:431-480                                                                           |
| <b>Concentration:</b>         | 1 mg/ml                                                                                                                                                                       |
| <b>Gene Name:</b>             | RAPGEF5                                                                                                                                                                       |
| <b>Protein Name:</b>          | Rap guanine nucleotide exchange factor 5                                                                                                                                      |
| <b>Other Name:</b>            | RAPGEF5; GFR; KIAA0277; MRGEF; Rap guanine nucleotide exchange factor 5; Guanine nucleotide exchange factor for Rap1; M-Ras-regulated Rap GEF; MR-GEF; Related to Epac; Repac |
| <b>Human Swiss Prot No.:</b>  | Q92565                                                                                                                                                                        |
| <b>Formulation:</b>           | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                                                                       |
| <b>Specificity:</b>           | Repac Polyclonal Antibody detects endogenous levels of Repac protein.                                                                                                         |
| <b>Storage and Stability:</b> | -20°C/1 year                                                                                                                                                                  |
