

## Antibodies Product Datasheet

|                               |                                                                                                                                                           |
|-------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Name:</b>          | SGLT-2 Antibody                                                                                                                                           |
| <b>Catalog Number:</b>        | C18831                                                                                                                                                    |
| <b>Reactivity:</b>            | Human, Mouse, Rat                                                                                                                                         |
| <b>Applications:</b>          | WB, ELISA                                                                                                                                                 |
| <b>Dilutions:</b>             | Western Blot: 1/500 - 1/2000. ELISA: 1/40000. Not yet tested in other applications.                                                                       |
| <b>Modification:</b>          | Unmodified/Total                                                                                                                                          |
| <b>Source:</b>                | Polyclonal Rabbit                                                                                                                                         |
| <b>Purification:</b>          | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                                     |
| <b>Immunogen:</b>             | The antiserum was produced against synthesized peptide derived from human SLC5A2. AA range:101-150                                                        |
| <b>Concentration:</b>         | 1 mg/ml                                                                                                                                                   |
| <b>Gene Name:</b>             | SLC5A2                                                                                                                                                    |
| <b>Protein Name:</b>          | Sodium/glucose cotransporter 2                                                                                                                            |
| <b>Other Name:</b>            | SLC5A2; SGLT2; Sodium/glucose cotransporter 2; Na(+)/glucose cotransporter 2; Low affinity sodium-glucose cotransporter; Solute carrier family 5 member 2 |
| <b>Human Swiss Prot No.:</b>  | P31639                                                                                                                                                    |
| <b>Formulation:</b>           | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                                                   |
| <b>Specificity:</b>           | SGLT-2 Polyclonal Antibody detects endogenous levels of SGLT-2 protein.                                                                                   |
| <b>Storage and Stability:</b> | -20°C/1 year                                                                                                                                              |
