|-------------------------------|-----------------------------------------------------------------------------------------------------------------------|
| <b>Product Name:</b>          | ATM Rabbit Antibody                                                                                                   |
| <b>Catalog Number:</b>        | C40149                                                                                                                |
| <b>Reactivity:</b>            | Human, Rat, Mouse                                                                                                     |
| <b>Applications:</b>          | IHC-p, IF(paraffin section)                                                                                           |
| <b>Dilutions:</b>             | IHC 1:100-200                                                                                                         |
| <b>Modification:</b>          | Unmodified/Total                                                                                                      |
| <b>Source:</b>                | Polyclonal Rabbit                                                                                                     |
| <b>Purification:</b>          | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen. |
| <b>Immunogen:</b>             | Recombinant Protein of ATM of ATM                                                                                     |
| <b>Concentration:</b>         | 1 mg/ml                                                                                                               |
| <b>Gene Name:</b>             | ATM                                                                                                                   |
| <b>Protein Name:</b>          | ATM                                                                                                                   |
| <b>Other Name:</b>            | ATM; YM3685                                                                                                           |
| <b>Human Swiss Prot No.:</b>  | Q13315                                                                                                                |
| <b>Formulation:</b>           | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                               |
| <b>Specificity:</b>           | ATM protein detects endogenous levels of ATM                                                                          |
| <b>Storage and Stability:</b> | -20°C/1 year                                                                                                          |
