|-------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Name:</b>          | DHB8 Antibody                                                                                                                                                                                                                                                   |
| <b>Catalog Number:</b>        | C43437                                                                                                                                                                                                                                                          |
| <b>Reactivity:</b>            | Human, Rat, Mouse                                                                                                                                                                                                                                               |
| <b>Applications:</b>          | WB, ELISA                                                                                                                                                                                                                                                       |
| <b>Dilutions:</b>             | WB 1:500-2000 ELISA 1:5000-20000                                                                                                                                                                                                                                |
| <b>Modification:</b>          | Unmodified/Total                                                                                                                                                                                                                                                |
| <b>Source:</b>                | Polyclonal Rabbit                                                                                                                                                                                                                                               |
| <b>Purification:</b>          | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                                                                                                                                           |
| <b>Immunogen:</b>             | Synthesized peptide derived from part region of human protein                                                                                                                                                                                                   |
| <b>Concentration:</b>         | 1 mg/ml                                                                                                                                                                                                                                                         |
| <b>Gene Name:</b>             | HSD17B8 FABGL HKE6 RING2                                                                                                                                                                                                                                        |
| <b>Protein Name:</b>          | Estradiol 17-beta-dehydrogenase 8 (EC 1.1.1.62) (17-beta-hydroxysteroid dehydrogenase 8) (17-beta-HSD 8) (3-oxoacyl-[acyl-carrier-protein] reductase) (EC 1.1.1.-) (Protein Ke6) (Ke-6) (Really interesting new gene 2 protein) (Testosterone 17-beta-dehydroge |
| <b>Other Name:</b>            |                                                                                                                                                                                                                                                                 |
| <b>Human Swiss Prot No.:</b>  | Q92506                                                                                                                                                                                                                                                          |
| <b>Formulation:</b>           | Liquid in PBS containing 50% glycerol, and 0.02% sodium azide.                                                                                                                                                                                                  |
| <b>Specificity:</b>           | DHB8 Polyclonal Antibody detects endogenous levels of protein.                                                                                                                                                                                                  |
| <b>Storage and Stability:</b> | -20°C/1 year                                                                                                                                                                                                                                                    |
